

16th Swiss Pharma Science Day 2023

OFFER FOR JOB FAIR

On Saturday **23 September 2023** the 16th Swiss Pharma Science Day (SPhSD) will be held at the University of Bern (Von Roll Campus).

This annual conference is organized by the Swiss Academy of Pharmaceutical Sciences (SAPhS). The general topic of the SPhSD 2023 is «Antibiotics».

The 1-day conference comprises 2 sessions with 5 invited distinguished speakers, a poster session and selected short lectures, and ends by an award ceremony and get-together apéro.

This year, we were able to organize a prestigious line-up of internationally renowned speakers in the field of antibiotic resistance, antibiotic use in clinics, and antibiotics supply, including

Prof. Dr. Anette Kuhn, Dr. Laurenz Kellenberger, PD Dr. Julia Bielicki, PD Dr. Isabelle Frey-Wagner and Monika Schäublin.

Swiss Acad. Pharm. Sci. (SAPhS)

Frikartweg 9A, CH-3006 Bern

info@saphw.ch; www.saphw.ch

The SPhSD is the main Swiss platform for young academics in the Pharmaceutical Sciences. The event is attended every year by approx. 150 young researchers.

With the SPhSD the SAPhS intends to strengthen the links between academia and pharmacists in the hospital, industry, administration, and public pharmacies.

Therefore, we offer for the first time the possibility for interested industrial partners to meet and discuss with PhD students and postdocs.

SPECIFIC OFFER

There are several opportunities to engage in discussion with the young scientists, specifically during the breaks, the poster session, and the apéro in the evening.

Additionally, we offer space for small booths (approx. 4 m²) to present promotional material of your company and a roll-up.

Free of additional charge for collective SAPhS members.

SAPhS non-members are charged 800 CHF.

The fee also includes participation in the program and catering.

The space will be distributed on a first-come first-serve basis.

If interested, or in the case of questions, please contact: info@saphw.ch
